

Bus Apps

These days, bus apps that can show arrival times are becoming popular. This is thanks to GPS technology that shows where buses are in real time. People often use these apps, and by doing so they can know exactly when to go to the bus stop. However, it is also important to avoid looking at smartphones while walking.

Your story should begin with this sentence: One evening, Ms. Tanaka was talking to her daughter, Yumi, about the piano concert.

Q1. How can people know exactly when to go to the bus stop?

A. By using bus apps that can show arrival times.

One evening, Ms. Tanaka was talking to her daughter, Yumi, about the piano concert.

Ms. Tanaka said to her daughter, "Tomorrow is your piano concert."

At night, Ms. Tanaka was looking at her daughter sleeping. Yumi was dreaming of playing the piano on the stage.

Next day, Yumi played the piano. Ms. Tanaka was thinking of celebrating with a cake.

No.3 Some people say that, in the future, people will eat more meals made by AI robots. What do you think about that?

I agree. AI robots can cook meals quickly, so busy people will save time. Also, companies will develop safer and healthier recipes using new technology.

I disagree. Many people enjoy cooking at home, so they will not depend on robots. Also, traditional food culture is important and people will want to keep it.

No.4

These days, more schools are giving tablets to students. Do you think every student should use a tablet in class?

Yes(Why?)

Tablets make it easier to find information quickly.

Also, digital materials are lighter than carrying many books.

No(Why not?)

Tablets may distract students with games or social media.

Also, some students learn better by writing on paper.
